

# Advisory Notice and Map

The Lake Iroquois Association, Lake Iroquois Recreation District and SŌLitude Lake Management plan to conduct an aquatic herbicide treatment using SePRO ProcellaCOR® EC (active ingredient florpyrauxifen-benzyl) in Lake Iroquois as authorized under Aquatic Nuisance Control Permit #3038-ANC-C.

The target date/time for the initial treatment is **Monday, June 28, 2021, beginning at 11 am.**

Signs will be posted around the shoreline, along adjacent roadways; and at all public and private campgrounds and access points with the exact treatment date/time and updated use advisories.

## Lake Water Advisory Use Restrictions

- It is recommended there be **NO USE** of Lake Iroquois waters and water from the outlet stream **FOR ANY PURPOSE** on the day of treatment including boating, fishing, swimming, domestic (household) use, or irrigation.
- It is recommended that swimming/wading, boating, fishing and domestic (household) use may resume 24 hours after completion of treatment.
- It is recommended there be **NO USE** of water from Lake Iroquois and from the outlet stream **FOR RESIDENTIAL AND OTHER NON-AGRICULTURAL IRRIGATION** beginning the day of treatment and continuing until notification is provided that the active ingredient in SePRO ProcellaCOR® EC is at or below 2 parts per billion **OR** until after a 7-day waiting period has passed, whichever is longer. Established turf may be irrigated immediately after treatment.

The exact duration of the above recommendations on this Notice is unknown. Please refer to the posted signs and the website listed below for up-to-date information regarding water use recommendations. Bottled water is available upon request by the Lake Iroquois Association (contact information below) to any person restricted from using their domestic water supply for drinking or food or drink preparation on the day of treatment only. **IF A RESIDENCE OR PROPERTY IS LEASED, RENTED OR USED** at any time after the initial treatment until December 31, 2021, the property owner is responsible for informing all transient users of the treatment and these advisory water-use recommendations. Any person who chooses to ignore these use advisories does so at their own risk.
